Who we are

OT Training Solutions, LLC (OTTS) is a Service-Disabled Veteran-Owned Small Business (SDVOSB) that provides valuable services to government and non-government organizations in training, education, and operational support. The OTTS staff is composed of former and retired military personnel, both officers and senior noncommissioned officers, educators, education administrators and management professionals.

What we do

OTTS' mission is to deliver world-class mentoring, training, instructional, and support services to United States and Foreign Military forces and government and non-government organizations.

Our work scope is broad, our standard is excellence

OTTS began our journey in 2008 with a contract award for the Afghan National Army Literacy Program. Soon after that initial success, OT Training Solutions won a $62M multiyear also successfully trained approximately 40,000 students each month.

We're proud that more than 90% of the OT Training Solutions staff are veterans and retired military personnel. Today, our broad scope includes education, mentoring battalion and brigade staffs, training elite infantry units in conflict zones, and providing field technicians, instructors, and operators for manufacturing, testing, fielding and logistical support including maintenance and upgrades of virtual training devices.

Developed and supported Virtual Simulations training for the U.S. Army and Army National Guard

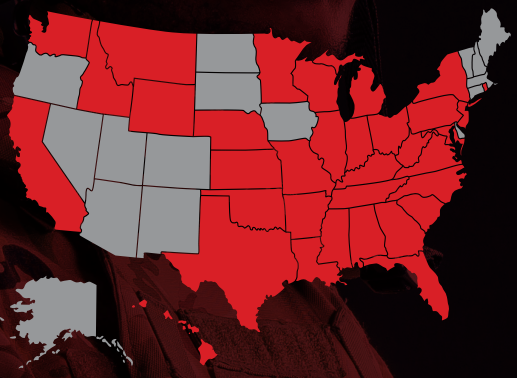

Provide staff augmentation and manage Training Support Centers.

Developed training programs and trained over 290,000 Afghan National Security Forces

WHERE WE'RE WORKING

UNITED STATES

EUROPE

Core Competencies

COMBAT LOGISTICS & TRAINING

Our combat & logistics training is focused on a broad range of skills, taught by talented instructors with specialized skills and training.

VIRTUAL SIMULATION & TRAINING

We work closely with the U.S. Army and Army National Guard to develop, manufacture, deploy, maintain and upgrade virtual training devices.

MILITARY LEADERSHIP

Our experienced team of retired officers and noncomissioned officers (NCOs) mentor deploying commanders and troops on strong leadership and preparation for interactions with a variety of audiences.

LOGISTICS SUPPORT SERVICES

Our team provides equipment, facilities, spares, technical information and highly trained personnel who support the U.S. Army National Guard.

RANGE & TRAINING AREA MANAGEMENT

To ensure each range and training facility operates to support our warfighters, OTTS provides training and range support specialists and maintenance to the U.S. Army & Army National Guard.

VOCATIONAL & LITERACY TRAINING

We developed the Afghan National Security Forces (ANSF) Literacy Training Programs under contract to the United States Army, Qatar Regional Contracting Center, enabling support to over 290,000 Afghan National Security Forces.

Our experience is second to none
